RURAL SCHOOLS METHODS TO UTAH

STATE BOARD REQUESTS PROF. COOPER TO VISIT SCHOOLS.

WILL SHOW COUNTY WORK

Note Books, Pictures and Exhibits of What Nodaway Children are Doing in Vitalized Agriculture.

County Superintendent Bert Cooper will leave tomorrow for a series of meetings to be held in the state of Utah. He will go first to Salt Lake City and will be in that state for a week or ten days. He goes at the request of the department of education of that state and will tell of the work of the rural schools in this county.

Mr. Cooper will take with him on this trip many exhibits of the work being done by the Bloomdale, Olwell, Mt. Ayr, Bedison, Martha Washington, Myrtle Tree, Garrett, Lasher, Bell Grove and Excelsior schools. He will take with him note books and pictures representing the work on their vitalized agriculture schools.

County Superintendent Bert Cooper received today a letter from Alson Secor, editor of the Successful Farming at Des Moines, Ia., stating he would visit the schools of this county to see the work being done here. Mr Cooper has sent an invitation to Mr Secor to come here about the middle of February.

In his letter, Mr. Secor said he had received a bulletin of th work being done by the vitalized agriculture school in this county. His letter to Mr. Cooper follows:

"I want to visit your county and see the schools at work. I want to get there at a time when I can see the class work in agriculture. And above all I want to see the regular class work, not some exhibition work put on for visitors. I wouldn't go a mile to see that.

"I can write a story about it from your bulletin but I want to see for myself so I can put the punch in what I write for it will stir up over 800,000 farm homes. No one can afford to be a poor preacher or poor teacher with an audience of two or three million readers who pay school taxes, patronize rural schools, or fidget around on school seats while trying to learn the old line of stuff.

"We are strong for better schools and better pay for teachers."

The Successful Farming is published by E. T. Meredith, who was this week appointed as Secretary of Agriculture by President Wilson.

WANT TO MATCH THEIR 'HOUN DOGS' FOR RACE

Maryville Men Challenge Owner of fast Running Hound at Hopkins.—Nobody Barred.

Maryville Mo., Jan. 26, 1920.
Editor Hopkins Journal:

Some time ago, Mart Carmichael, of your city, challenged any fox hound man in the state for a race, "one dog for the other." We never pay any attention to these challenges for ordinarily a man who has dogs would rather meet his fellow fox hunter on the field of sport, and give him a race, than to get it in the gambling stage. However, if Mr. Carmichael still thinks he has the fastest dog in the state and is ready to put up a hundred dollars that he has, we have six that we will enter against him, and we will let him pick the dog that he thinks he can beat and then we will put up one hundred dollars more that his dog can't beat either or any one of the six. We are not prone to brag on our dogs nor have we have ever issued a challenge to any one but when a fellow gets it into his head that he has the fastest dog in the state we think he is taking in too much territory and are willing to call his hand.

We failed to see where Mr. Carmichael has accepted John M. Hunoit's proposition from Edina, but whether he does or not, that need not interfer with his acceptance of our offer. When Mr. Carmichael gets ready to put up his money, let us know, Mr. Editor, and we will place a certified check in the hands of the editor of the Journal, to be paid to Mr. Carmichael when his dog beat our dogs three best in five.

We don't want any windjamming, we want him to put up his money, and quit scaring us to death with his biennial challenges. Yous truly,

HOMER N. BROWN
J. J. HEIFNER.

NOBODY BARRED.

I do not desire to get into any long newspaper controversy, but I want everybody to know that I have a hound that I believe is the fastest of any in the west and I am ready to "run dog for dog" with anyone who wishes to run—barring nobody, not even the Maryville bunch that has been doing a great deal of blowing. Talk is cheap. A man who challenges another to run dogs for five nights in March is not sincere for every dog man knows that five suitable nights cannot be had in March.

Here is my proposition: I will run my dog against any other dog, "hound for hound' the race to take place on strange ground in Nodaway county any suitable day in February, 1920. Nobody barred; come on in, the water's fine!

STATE COMMITTEE MEETING TODAY

DEMOCRATS SETTLING TIME AND PLACE OF CONVENTION

ELECT FOUR DELEGATES

Will Take Action to Give Women of Equal Representation at National Convention.

Jefferson City, Jan. 29.—The Democratic State Committee is meeting here this afternoon to select the time and place for holding the state convention to elect four delegates at large to the Democratic national convention. It is expected they will take action to give the Democatic women of the state equal representation as delegates at large and as congressional delegates to the national convention in San Francisco.

On the theory that Kansas City may ask for the convention, there is a movement on foot to name either St. Louis or Jefferson City, and the argument used is that about the only powerful friends United States Senator Reed has in the state are in Kansas City, and if the convention is held there his followers might find some way of heading off a resolution practically reading the senator out of the Democratic party and inviting him to resign.

MRS. TOWNSEND SUMMONED WEST BY FATHER'S ILLNESS.

Mrs. Ferdinand Townsend will start tonight for Denver, Colo., summoned there by the serious illness of her father, Henry Bohm. Mrs. Townsend received a telephone call from her mother at Denver this morning stating that Mr. Bohm's condition was critical. She will leave on the 7:20 Wabash, going by the way of Omaha and will arrive in Denver at three o'clock tomorrow afternoon.

The animal brought $10,000 at a Red Cross auction in Birmington in 1918.

METHODIST SERVICE FLAG DEMOBLIZATION SUNDAY

Principal Feature of the Services Will be an Address by Arthur M. Hyde of Trenton.

The service flag of the First Methodist church will be demobilized Sunday night at an appropriate service at the church. The feature of which will be an address by Arthur M. Hyde of Trenton. Ths ceremony was set for the Sunday following the anniversary of Armistice day at which there was an address by Col. Ruby D. Garrett. One of the worst storms of the season was prevalent that night and the attendance was very small. For this reason the roll call and demobilization of the flag was omitted.

All members of the American Legion all members of the families of the soldiers represented on the flag and all patriotic organizations in the city are especially invited to be present. Should any organization desire to attend in a body, reservation will be made for them by notifying the pastor, Dr. G S. Cox.

There will be a musical program included with the demobilization ceremony preceding the lecture.

SHOW FARMERS HOW TO KEEP PRODUCTION COST RECORDS

W. H. Rusk, Animal Husbandry Expert, Will be in Maryville Saturday to Meet all Farmers.

W. H. Rusk of the extension department, animal husbandry division of the college of agriculture in the University of Missouri will be in Maryville Satuday to talk to the farmers of Nodaway county on the matter of keeping records showing the cost of the production of pork.

The college of agriculture has kept these records for several years at their own farms at Columbia and last year induced several farmers over the state to keep similar records. This is one of the main steps in getting a farmer to run his farm on a business basis and have cost records showing the cost of production from field to market.

Mr. Rusk will be at the farm bureau headquarters over the Tribune office where he will be glad to meet all Nodaway county farmers interested. He will make an address at the Harmony school on Saturday evening.

FARMER SHOOTS SELF IN HEAD

EUGENE COSTON AT POINT OF DEATH FROM WOUND.

MENTALLY DERANGED

Trouble With District School Teacher and School Attendance Officer Supposed to Unbalance Mind.

Eugene Coston, a farmer living southwest of Skidmore is lying at the point of death this afternoon as the result of a self inflicted gun shot wound.

Coston arose as usual to do his work this morning. He went out to the barn just about daylight and shortly afterwards members of the family hearing the shot found him with a bullet wound through his head. He had used a 22 calible rifle, the shot entering his forehead just between the eyes, and lodged in his brain. He has been unconscious and in a paalyzed state since the shooting and his death is momentarily expected.

Coston was about 45 years ald and has a wife and six children. He has been in his usual health and no reason could be ascribed for the act by members of the family. The Coston farm is over the Holt county line and the children attend school in the nearest Holt county district. Mr. Coston had been having trouble with the school teacher of the district and also with the school attendance officer of Holt county county over some of his children. He spent several hours last night writing a letter to the attendance officer and the supposition is that he became mentally unbalanced from thinking over this trouble.

BANK ROBBERY CASE IN COURT

CASE STARTED THIS MORNING AFTER SELECTION OF JURY.

O. J. BURNS, DEFENDANT

Sedalia Man is Charged with the Crime—Only a Few Witnesses Had Testified at This Time.

The case of the State against Owen J. Burns, who is charged with the burglary and larceny of the Jackson bank at Clearmont on the evening of October 24 or the early morning of October 25, 1919, started in the circuit court this morning.

The opening statement to the jury by the state by Prosecuting Attorney McCaffrey said the evidence would show that the defendant, Burns, was seen in Clearmont either on October 23 or 24 by two parties. He also said that the evidence would show that the bonds taken from the bank at Clearmont were found in the possession of Burns.

The statement of the defense was made by George Robb Ellison. He said the evidence would show that Burns was in Sedalia on the day of October 24 and also on the following day, October 25. He stated that Burns made a deposit at the bank at Sedalia and also had driven a car for a party who had to make a trip to the country on the day of October 24. Other witnesses will testify as to having seen Burns, who is the garage business at Sedalia, in town on both days.

Roy Hanna, president of the Jackson Bank at Clearmont, and Lawrence M. Cummins, cashier of the bank, were the first two witnesses for the state. They told of the robbery.

Dr. D. P. Dyer, a physician of Sedalia, Mo., a witness for the defense, was called to the stand this afternoon. Dr. Dyer received a message this morning that his sister was very sick and to come to Sedalia at once. In order that he could get away this afternoon, it was agreed to take his testimoney at this time. Dr. Dyer said he attended the defendant, Burns, on October 19 and 20 in a professional way.

The jury hearing the case is composed of L. E. White, J. R. O'Neal, H. C. Shearer, J. N. Otis, C. H. Schaff, John Gates, J. B. Horton, Lawrence Frazee, Martin B. Farrell, J. Vince Pugh, R. F. Anderson and John Lockhart.

FIVE SUNDAYS NEXT MONTH.

Occurs Only Once in One Hundred Years in February.

The bachelor who passes through this year safely may consider himself lucky for all the odds are against him. Not only does he have eleven more months to run the gauntlet, but during the month of February he has five Sundays to get by, when he cannot hide in the sanctum of his office.

February of this year contains twenty nine days, 1920 being a leap year. But once in a century February has five Sundays and 1920 is the first time in 100 years that this has occurred.

To complicate affairs and make a bad matter worse the thirteenth of February falls on Friday and he who tends the least bit to the superstitious side of life will do well to seclude himself on that day.

Another unusual occurrence will happen this year according to the financial side of the question. Clerks of the government and others who get their pay at the other fellow's expense will be the losers when three holidays, Washington's birthday, February 22, Memorial Day, May 30th, and July 2nd all come on Sunday. Since Sunday is always a holiday these unfortunates will bless the arrival of 1921 and better luck.

How can YOU Use a Bank?

We all like to feel we are of use to the community.

That is the only reason for the existence of a bank—its usefulness. It is one of the most useful institutions in the community.

The Farmers Trust Co., strives to be of the greatest use to its patrons. In doing this we have built a building with the thought in mind of making it the most useful kind of a bank building.

It was not built for show, nor to make a comfortable place to work in—but to make both a comfortable and convenient place for the transaction of business or for meetings and conferences of the people of the community.
It was built for you to use—use it.

AMPAIGN TO AID TEACHERS WILL START IN THIS STATE

ssouri Equalization Board Will Be Asked to Increase Valuations—Petitions to Be Circulated.

Columbia, Jan. 29.—Prof. C. H. Wilns of the Univeristy of Missouri anunced today a state wide campaign induce the state equalization board increase the valuation of property public school teachers in Missouri y receive better salaries would besoon. Professor Williams is chairn of the committee on salaries of Missouri Teachers' association.

he state teachers' association now branches in eighty counties. Each hese branches has appointed comtees to circulate petitions in their nties calling on the equalization rd to vote the increase in valuaat its meeting next month. In nsas City a canvass will be made every home, civic organization and ness firm. The teachers there say will get at least 150,000 signers.

According to Professor Williams, this method of appealing to the equalization board is the only hope of meeting the crisis which exists, since the next session of the legislature is a year off.

These petitions, he says, will show the citizens of the state are overwhelmingly in favor of an increase in the taxes to keep the schools running and to keep good teachers in the state.

Vivian Martin at Empire Tonight.

Two love stories are depicted in "You Never Saw Such a Girl", Vivian Martin's new Paramount picture which is to be present at the Empire theatre tonight. One is that wherein dainty Vivian Martin is involved with Harrison Ford. The other is where Maymn Kelso and James Farley, at middle age, discover the age-old passion and admit the soft impeachment. This picture is fresh as a spring morning, redolent of perfume as the green wood after a rain, as full of comedy as one could desire—but love, romance adventure—these are the principal ingredients. The support is excellent Harrison Ford being the leading man

FIVE BROTHERS FORM FAST BASKET BALL AGGREGATION

"Dad" Is Manager and the Quintet Has Shown Class on Massachusetts Courts.

Milford, Mass.—A professional basketball team consisting of five brothers, with "Dad" as the manager, is a combination of which this town boasts.

The Grayson five, as the team is known, has played several successful games. The five brothers are all well known in local athletic circles.

First, there is "Dad" Grayson, manager of the team. Although not a basketball player, "Dad" is very active in the managing of the team. He is at every game and has charge of the business end of the playing.

Then comes George M. Grayson, the oldest of the brothers, who plays right guard. He is a fast floor walker and a hard blocker. He was a second lieutenant of infantry, stationed at Camp Devens, and played end on the 1918 football team and at catcher of the Devens nine that spring.

Next comes Emery Grayson, known as "Em" who plays at centter on the team. He is a good man on the jump, covers the whole floor, a clever dribbler, and a dangerous man under the basket. He attended the Massachusetts Agricultural College, where he played on the varsity football and basketball teams. In his senior year he was elected captain of both teams. He is now assistant coach of the Massachusetts Agricultural College.

Forest Grayson, known as "Goo," plays left forward and is probably the fastest of the brothers on the floor. He is now a senior at the Massachusachusetts Agricultural college.

Raymond H. Grayson, known as "Dame," plays left guard with the Graysons, being used as a running guard. He is a good scorer, aggressive and especially strong on intercepting passes. He is now a freshman at the M. A. C. He played on the freshman football team this year and is now playing guard on the first year basketball team.

Herbert Grayson, known as "Herb," the youngest brother on the team, is now a sophomore at the Milford High School. He played at tackle on the high school football team this fall and intends to play baseball in the spring. He is also playing on a Y. M. C. A. basketball team this winter. He plays right forward on the Grayson outfit. Although lacking experience, he is a coming player and a good shot.

Cletrac

TANK-TYPE TRACTOR

The Correct Principle of Traction

If there was a better principle of rolling heavy machinery over all kinds of ground than the Cletrac principle, some country would have used it on the great tanks of war.

The principle of laying its own track, so that the wheels do not sink into the ground is the correct tractor principle.

The Cletrac has used that principle on a small, light, compact, powerful machine that will do ALL KINDS of farm work.

Its power, its control, its adaptability to every operation of plowing, cultivating and harvesting, make it the most useful tractor in the world.

Insurance For Stock in Transit

Feeders and shippers will be interested in knowing that I can insure live stock en route to St. Joseph and Kansas City markets at the following rates:

Cattle, 17c per head; hogs, 11c per head; sheep, 6c per head.

This insurance covers loss and damage by reason of crippling or death while on the way to the market.

You can hardly afford to take the risk when the protection is so cheap.

We write farmers' Automobile Insurance against fire, lightning and theft, three-year term, giving one of the cheapest and best policies written.

WE WRITE LIVE STOCK DEATH FROM ANY CAUSE.

We write all kinds of farm and grain insurance against fire, lightning and tornadoes.

Ford

THE UNIVERSAL CAR

Let There Be No Discords

If your Ford car is out of tune, there is undoubtedly a very good reason for it. And the best way to find that reason, and have it remedied, is to jump in and drive to our authorized Service Station, where one of our mechanics who is thoroughly acquainted with the Ford mechanism and who knows the Ford way to adjust or repair your car, can tune it up in a garage that is properly equipped to give real Ford service. Then, too, we never use imitation parts—only the Genuine Ford made, strong and durable. They wear from thirty to seventy-five per cent longer than the counterfeit parts that are softer and more cheaply made. In fact, it is dangerous to human life to use imitation parts, and it is not fair to your Ford car or your pocketbook.

We are a part of the gigantic Ford Service organization whose purpose is to serve the owners of all Ford cars and trucks; we have more than a passing interest in your car. Prompt service is given on all work—from a minor adjustment to a motor overhaul. Drive in and see the facts for yourself—there's too much money invested in your Ford car to miss connections with the authorized Ford dealers.

COAST CITY PLANS TO ENTERTAIN HOST

40,000 EXPECTED AT DEMOCRATIC NATIONAL CONVENTION.

IS PRECEDENT IN PLACE

The Furthest West Such a Gathering Has Ever Been Held Was at Denver Colo., in 1908.

San Francisco.—Politics has winged its way to the West. A big event in national politics will be staged on the Western coast for the first time in history.

The Democratic national convention, when that party names its choice for the presidency of the United States, when it forms the platform upon which it will battle for election and when it names the man it would have assume the vice-presidency, will, as it never has done before, set the scene of its action on the Pacific.

San Francisco, proud of her reputation as the "City That Knows How," is ready for an influx of 40,000 visitors during convention week, starting June 28. Over and above its normal transient travel, San Francisco is prepared to house these visitors comfortably and commodiously and will not, as pledged, "raise the ante" on the delegates, their families and visitors generally. The total hotel and apartment accommodations are for 140,000 people. The transient rooms available in June will be 60,000. During one week of the Panama-Pacific International Exposition, when the influx of visitors reached its height here, the largest demand for rooms totalled 55,000.

In its Civic Auditorium, where the convention is to be held, 12,500 people may be seated normally. When President Wilson visited here during the latter part of 1919 on his national tour in behalf of the league of nations, this same auditorium held 18,000 people.

There are thirty separate committee rooms in the building, more than sufficient, it is said, to accommodate those committees that will report back to the convention proper after having mapped out the programs to be voted upon.

The 1920 convention of the Democratic party has established a precedent insofar as locality is concerned. The farthest West such a meeting has been held heretofore is Denver, Colo., where the Democrats met in 1908.

Democratic convention dates since 1856, with cities in which they were held, were:

1856—June 2, Cincinnati.
1860—April 23, Charleston, S. C.
1864—April 29, Chicago, Ill.
1868—July 4, New York City.
1872—July 9, Baltimore, Md.
1876—June 28, St. Louis.
1880—June 22, Cincinnati.
1884—July 8, Chicago.
1892—June 5, St. Louis.
1892—June 21, Chicago.
1896—July 7, Chicago.
1900—July 4, Kansas City.
1904—July 6, St. Louis.
1908—July 7—Denver, Colo.
1912—June 25, Baltimore.
1916—June 14, St. Louis.

Municipal organizations from the first moment that it was felt San Francisco would get the convention carefully laid their plans for an efficient handling of all details connected with the sessions. Pledges of the railroads to handle expeditiously all incoming and outgoing traffic, of the telegraph companies to install facilities and maintain a force sufficient to transmit the thousands upon thousands of telegrams, both private wires and press dispatches of the hotel association to provide rooms and maintain regular rates, police details and all manner of such things, were carefully planned, mapped out and a definite policy agreed upon. The essence of that policy is: "Show the East we know how. Let every visitor return satisfied that San Francisco did it better than it has ever been done before."

The city have a pledge of $125,000 to the Democratic committee when it asked for the convention. In addition, a fund of $50,000 has been set aside for entertainment of the delegates, their families and the general public. This, of course, is solely for municipal functions. Many private entertainments will be provided.

Charles Fay, leading Democrat here, together with Senator James Phelan, estimated that there will be between 30,000 and 40,000 visitors.

To the women of California, whose vote was conceded to be the decisive factor in placing President Wilson in the chair at the last election, the convention has been given as a sort of tribute. This seemed the concensus of opinion among those who worked for the convention in Washington on January 8, last, as well as those who understood the situation locally.

In the auditorium San Francisco possesses a building excelled in seating capacity, it is said, by only two other structures of the kind in the United States. These are Madison Square Garden, New York City, and the Auditorium, Chicago. It is declared here that the acousties and seating arrangements of the San Francisco auditorium are even better than those possessed by the Eastern buildings.

The balcony of the auditorium will seat 4,416 persons, besides furnishing standing room for between 2,000 and 2,500 more. On the main floor the seating capacity is gauged largely by the size of the stage used for a speaker's platform. If a large stage is used, 4,500 persons may be seated. But if a smaller stage be employed, seats for 6,500 persons can be arranged.

San Francisco and the entire Pacific coast is much elated over landing the convention. The signal honor unquestionably will mean much to the Pacific slope, not only in an opportunity to entertain visitors for the entertainment alone but in a political aspect. Congressmen, politicians generally, those controlling the destinies of government appropriations and expenditures, will be here for the convention.

The opportunity then to show these persons just what the Pacific coast can do and what it needs is apparent. And the Pacific coast is determined to make the most of that opportunity.

AFTER SEVEN YEARS

Maryville Testimony Remains Unshaken

Time is the best test of truth. Here is a Maryville story that has stood the test of time. It is a story with a point which will come straight home to many of us.

Mrs. A. Wiedman, 409 E. Thompson St., says: "I had pains through my kidneys and my kidneys acted irregularly. These symptoms were always worse when there was a change in the weather or when I took cold. I used different medicines but without benefit and I despaired of ever getting better. Doan's Kidney Pills were finally recommended to me, and I got some at Love & Gaugh's Drug Store. In less than a month I was entirely free from the trouble."

OVER SEVEN YEARS LATER Mrs. Wiedman sad: "It hasn'e been necessary for me to use anything for my kidneys for some time. I think Doan's are the best kidney medicine made and words can't express my high regard for them."

Our eyes are the windows to our soul Incompetent people handling the shades are liable to pull them down wrong and they will never rise. Then we will have to grope in darkness the rest of our lives. When our eyesight begins to fail. Stop and think of this. Many people have gone blind by wearing cheap unfitted glasses. Thirty five per cent of the people are born with deficient eyes and no one has a normal eye above the age of 40. Good glasses, properly fitted is the best remedy in the world for eyesight. Call on John LeGrand Baker, the studious, efficient doctor of optics, Maryville, Mo. ADV.
